

To whom it may concern

I Vote NO on HB5263. I am a 39 year CT resident and very much oppose rabbit breeding and farming for consumption. I will join forces with CT's animal advocates and organizations to do whatever necessary to protest this bill. I trust that you will make the right decision on this matter for your constituents which means your voting will be based solely on what's ethnically sound and morally just when it come to ensuring equal treatment for ALL living beings, both human and non-human animals. We will continue to speak up and speak out until our voices are heard. This is just the start.
